Index to Volume 13 (1993)

Authors and titles

Anomalous westerly winds during El Niño/ Southern Oscillation events: the discovery and colonization of Easter Island (Caviedes and Waylen), 123–34

Application of GIS in urban and regional planning: a review of the North American experience (Harris and Elmes), 9–27

Aspinall, R. J., Miller, D. R. and Birnie, R. V., Geographical information systems for rural land use planning, 54–66

Automated forest cover mapping using Thematic Mapper images and ancillary data (Niemann), 86–95

Banks, G., Mining multinationals and developing countries: theory and practice in Papua New Guinea, 313–27

Belal, A. E., *see* Briggs, J.

Birnie, R. V., *see* Aspinall, R. J.

Bracken, I., *see* Martin, D.

Briggs, J., Dickinson, G., Murphy, K., Pulford, J., Dickinson, G., Murphy, K., Pulford, I., Belal, A. E., Moalla, S., Springuel, I., Ghabbour, S. I. and Mekki, A.-M., Sustainable development and resource management in marginal environments: natural resources and their use in the Wadi Allaqi region of Egypt, 259–84

Campbell, B. L., *see* Loughran, R. J.

Carter, S. E. and Jones, P. G., A model of the distribution of cassava in Africa, 353–71

Caviedes, C. N. and Waylen, P. R., Anomalous westerly winds during El Niño/Southern Oscillation events: the discovery and colonization of Easter Island, 123–34

Clark, R., *see* Wilson, P.

Comment, 107–10

Commercial and subsistence fisheries conflicts in the Gulf of Thailand: the case of the squid trap fishers (Flaherty and Karnjanakesorn), 243–58

Cooper, E. A., *see* Wilson, P.

Cummings, D., *see* Loughran, R. J.

Curtis, S. J., *see* Loughran, R. J.

Dickinson, G., *see* Briggs, J.

Elliott, G. L., *see* Loughran, R. J.

Elmes, G. A., *see* Harris, T. M.

Estimation of erosion using the radionuclide caesium-137 in three diverse, environmentally sensitive areas of eastern Australia (Loughran *et al.*), 169–88

Eyton, J. R., Urban land use classification and modelling using cover-type signatures, 111–21

Flaherty, M. and Karnjanakesorn, C., Commercial and subsistence fisheries conflicts in the Gulf of Thailand: the case of the squid trap fishers, 243–58

GIS in land use change analysis: integration of remotely sensed data into GIS (Michelak), 28–44

Geographical information systems and remote sensing in land use planning: an introduction (Kent *et al.*), 5–8

Geographical information systems for rural land use planning (Aspinall *et al.*), 54–66

Geography: a place for GIS (Shaw), 107–10

Ghabbour, S. I., *see* Briggs, J.

Harris, T. M. and Elmes, G. A., The application of GIS in urban and regional planning: a review of the North American experience, 9–27

Hazard area disclosure in New Zealand: the impact on residential property values in two communities (Montz), 225–42

Head, L. M., *see* O'Neill, A. L.

Integrating remote sensing and spatial analysis techniques to compare Aboriginal and pastoral fire patterns in the East Kimberley, Australia (O'Neill *et al.*), 67–85

Integration of socioeconomic and physical resource data for applied land management information systems (Martin and Bracken), 45–53

Jones, A., *see* Kent, M.

Jones, P. G., *see* Carter, S. E.

Karnjanakesorn, C., *see* Flaherty, M.

Kearsley, G. W., *see* Kliskey, A. D.

Kent, M., Jones, A. and Weaver, R., Geographical information systems and remote sensing in land use planning: an introduction, 5–8

Kirkbride, M. P. and Reeves, A. D., Soil erosion caused by low-intensity rainfall in Augus, Scotland, 299–311

Kliskey, A. D. and Kearsley, G. W. Mapping multiple perceptions of wilderness in southern New Zealand, 203–23
